## Welcome into a cozy and playful universe

This season we meet characteristic circus characters as we enter a magical and enchanting universe where imagination is unleashed – it's showtime.

Only a few words are needed to describe Bloomingville MINI:  
PLAYFUL - COZY - AESTHETIC - TIMELESS - NORDIC.

The Bloomingville MINI collections are created with these words in mind to fulfill our desire for design for the children's room. Bloomingville MINI is designed for children and their homes – we look forward to sharing it with you.

Welcome into a cozy and playful universe of aesthetic home interior for the little ones in the family, designed in a timeless Nordic feel to fit into every room.

– come along!

# We take responsibility and we care

## We care about our world

We are committed to take responsibility to achieve a better and more sustainable future for all of us. Knowing that standalone efforts are not necessarily moving the needle significantly, we will tackle every challenge through a concerted effort by employees, sales representatives, customers, and partners.

## We are proud of our sustainable product range

Our product assortment consists of a variety of products with sustainable marks. A selection of products is made from natural woven materials, fast-growing grass like rattan, bamboo, and cane, as well as reclaimed or recycled wood, or handmade paper mache made of wastepaper. We strive towards working with partners that share our sustainable mindset.

## We care about safety

In close collaboration with our suppliers, we carefully risk evaluate every product before production. Extra focus is on items categorized as high risk, which counts tableware, lamps and toys. Making sure that the products comply with the relevant EU standards, we conduct tests with 3rd party test laboratories, mainly SGS and Bureau Veritas, known for their product safety expertise. Find and read more at [bloomingville.com](http://bloomingville.com).

## Unicef x Bloomingville MINI

Take a small step with Bloomingville MINI and UNICEF. At Bloomingville we want all children to thrive and have a fair chance to fulfil their potential. Joining hands with UNICEF, we work towards a safer environment and a more sustainable future for all the children of the world. For each Hella & Stella set sold, Bloomingville donates an amount to support UNICEF.

## We aim to be certified

Our mission is to continue taking small steps in the right direction, and so new OEKO-TEX® certified items have been added to the AW22 Bloomingville MINI collection.

As of April 2021, we have been FSC® certified and the process of certifying products has started. It is always possible to see which products are FSC certified in our catalogs and at [bloomingville.com](http://bloomingville.com).
